British Committee Reports in Favor of Minimum Coal Miners' Wages

HOPES REVIVED IN BRITAIN COAL MINE DISPUTE WILL BE SETTLED WITHOUT STRIKE

Some of Pessimism Among Observers Relieved and Results Seen in More Confident Tone on Stock Market; Government Committee of Inquiry Declares in Favor of Negotiated Minimum Wages.

London, July 28.—The British Government's committee which investigated the threatened coal mine strike reported to-day that the workers were justified in demanding a minimum wage agreement, but that the amount of that wage should be negotiated.

The committee reported that the dispute over working conditions between the owners and miners which caused the present crisis could not be blamed upon either party. It arose from the international economic disturbance and dislocations following the Great War, according to the committee.

CRUDE RUBBER PRICES TO-DAY MOVED DOWN

Levels Sagged as Result of Speculative Sales on the Market in London

Spot Dropped 3½ Pence; Futures Decreased by About 4½ Pence Per Pound

London, July 28.—Crude rubber prices, which recently rose to unprecedented heights, weakened rapidly to-day under the pressure of speculative sales, dropping three and one-half pence for spot quotations, bringing the price to three shillings ten pence per pound.

The fall in futures was even more pronounced, August quotations dropping to 2s. 10d. September to 2s. 10d. October and December to 2s. 11½d. and January and March to 2s. 6d.

MANY PAY TRIBUTES TO BRYAN'S MEMORY

Body of Commoner to be Taken From Tennessee to Washington To-morrow

Dayton, Tenn., July 28.—As the body of William Jennings Bryan lay in simple state at the home of a friend here to-day, simple people of the United States paid him sympathetic tribute.

While others from among their midst poured messages of condolence into the little white cottage which housed the body of the commoner, uncounted thousands whose cause he had championed mourned a leader.

Of varying political views, he had found in them a common chord when he came forward as a defender of the inspired Bible and revealed religion. Even as news came from Washington that arrangements had been made for burial of their leader among the nation's heroes, many were penning messages of sympathy to the widow.

FARMERS' TRIBUTES
Among the foothills of the Cumberland, where he had spent the closing days of his career, farmers paused to talk with neighbors of the man who had passed. In simple terms they spoke of him as they had heard him during the last several weeks. Of they laid aside their work.

OLIVER ASKS HOUSE MEMBERS TO CHOOSE DATE FOR SESSION

Premier Gets Their Views Before Fixing Opening of Legislature

Some Favor Spring Meeting But Cabinet Prefers Usual Autumn Date

The Provincial Government will decide almost immediately when the Legislature will open its next session, Premier Oliver announced to-day. The Cabinet, he intimated, is anxious to have the date fixed so that it may shape its plans for the next few months accordingly.

While some members from outlying districts favor the opening of the House next Spring rather than in the Fall Cabinet Ministers generally are anxious to continue the present practice of Autumn sessions ending before Christmas. A Spring session, it is pointed out, may drag on indefinitely while an Autumn session is sure to close before Christmas so that the members may get home for the holidays.

The Premier is busy now obtaining the views of members of the House on the most satisfactory opening date. A date suitable to a majority will be adopted.

The program of the next session, so far as it can be foreseen now, is likely to be light. No outstanding legislation is planned at present and there are no thorny problems like the beer-by-the-glass issue to be settled. The desirability of reducing the racing season further, it is expected, will be discussed because of the feeling on the mainland that too much money is still being spent on race track bets. With the Government firmly established in power as a result of the events of the last session, it is not anticipated that the next assembly will be productive of much excitement.

Defiance won by three-quarters of a length and half a length separated Sunstone and Purple Shade.

SETTLERS ARE CHOSEN WITH GREAT CARE

Amery Tells British Commons Canadian Scheme Promises Success

3,000 Groups to be Brought to This Country; Australian Scheme Under Way

London, July 28.—L. C. Amery, Secretary of State for the Dominions, told the Commons last night the Canadian scheme for the settlement of 2,000 selected families from the United Kingdom was being carried out by the Dominion authorities on lines which ought to succeed in so far as care in selection and help and sympathetic advice at the start could assure success.

He referred to many letters received from settlers, almost all of which laid special stress on the most surprising and unexpected kindness which they had been receiving in Canada.

AUSTRALIAN PLAN

He said the scheme for settling from 40,000 to 50,000 assisted migrants from the United Kingdom in Australia in the next decade should mark the largest advance in the Empire settlement since the passage of the Empire Settlement Act.

Another hopeful line of development was that inaugurated by the constitution of a church council empire settlement. The co-operation of an Empire-wide and universally distributed body as the Church of England could only be of incalculable benefit in the success of this policy. The same remark applied to the work which any other great religious de-

IMPORTANT SEIZURE OF LIQUOR MADE BY CUSTOMS OFFICERS AT UCLUELET AFTER SUDDEN RAID

Fred W. Davey, Collector of Customs Confirms Seizure Made by Officer W. B. Fraser at West Coast Point Over Week-end; Some 600 Cases Said to Have Been Found Secreted on Shore; Tug Dreadful Dispatched From Victoria to Load Captured Liquor.

W. B. Fraser, customs officer of Ucluelet, on Saturday night made a sudden raid on a point on the shore line at Ucluelet and seized between 500 and 600 cases of liquor alleged to have been secreted there in a cache.

Word of the seizure was reported to Fred W. Davey, Collector of Customs for the Port of Victoria, and at once the Tug Dreadful was dispatched to the scene to load the liquor and bring it to Victoria. Mr. Davey confirmed to-day news of the seizure but stated the exact details of the capture will not be known until the Dreadful has loaded her contraband cargo and returns to this port.

WOODWARD WANTS OLIVER TO SELL B.C.'S RAILWAY

Asks Premier to go to England on Deal; Idea Not Likely to be Adopted

Alberta Legislature Meets to Act on Peace River Situation, Vital to B.C.

Two developments in the last twenty-four hours focused attention in British Columbia again on the Pacific Great Eastern Railway problem, about which little has been heard since Parliament abandoned its attempt to open up the Peace River country this year. These developments were:

(1) The proposal of Charles Woodward, senior member of the Provincial Legislature for Vancouver, that Premier Oliver start for England shortly in an attempt to sell the Government-owned railway to British capitalists or the British Government for colonization purposes.

(2) The announcement of the Alberta Legislature to meet August 3 and determine the future of the Edmonton, Dunvegan and B.C. Railway, the future of which is closely interlocked with the future of the P.G.E.

Mr. Woodward's proposal and announcement of the Alberta Legislature's plans were both read with interest by members of the Government here to-day, but no Cabinet Minister would comment on them. Premier Oliver himself refused flatly to be drawn into a discussion of the P.G.E. question at this stage, and firmly declined to comment on Mr. Woodward's proposal.

SALE DIFFICULT

That the Vancouver member's idea will meet with approval by the Government, however, is considered more than doubtful. For years the Government has canvassed the possibility of selling its railway to British capitalists but so far without success.

WOMAN MURDERED AND MAN BURNED

Crime at Creemore, Ontario; Brother-in-Law of Woman Missing Since Tragedy

Creemore, Ont., July 28.—Searchers among the ruins of the barn on the farm of Edward Dunsenath, which was burned yesterday afternoon, at the same time as his wife, Mrs. Edward Dunsenath, was brutally murdered, believe they have found evidence that Frank Dunsenath, missing brother-in-law of the murdered woman, perished in the fire. Nothing remains of the barn but ashes.

A doctor will examine the charred matter found in the ruins of the barn to determine if it belonged to a human being.

Frank Dunsenath has not been seen since before Mrs. Dunsenath was found by James Dunsenath, his aged father, with her head battered in.

Community Exhibits Will Make Good Showing This Year

Entry forms for the Provincial Fall Fair at the Willows, August 17 to August 22 will be available at the City Hall from August 3 to August 8, entries closing on the latter date.

The secretary to-day received further information that indicates the exhibits this year will set a record. In addition to the Main Building being filled there is a heavy demand for reservations for the Home Products Building. The co-operation of Victorians has been generously given and outside contributors also promise to take an active part. Richmond, Alberni, Nanaimo and Victoria gardeners will all have community exhibits.

There will be plenty of music at the fair with orchestras playing in the Main Auto Building and Home Products Fair.

Another exhibit has been promised, Miller Higgs of Galiano Island, writing to the secretary to say that he will show some of the animals which he has on his recently established ranch.

Sayward News

The regular monthly meeting of the Sayward Progressive Agricultural Development Society was held at the home of J. Wall. Considerable correspondence was read as received by the secretary, J. E. Armitshaw, which included a letter from the Hon. E. D. Barrow, Minister of Agriculture, regarding the supplying by his department of the necessary judges and the granting of money to assist the society in holding the third annual Sayward district agricultural show, which is to be held September 7. Considerable discussion took place on the letter and the secretary was instructed to draft a suitable letter in reply. A letter was read from the representative of a number of settlers with families who had been located on land which had been proved not to be suitable for agriculture. These settlers had previously decided to locate at Sayward but through advice given them had not done so. The secretary was directed to reply to the letter received and invite the settlers to visit Sayward before leaving the Province. Several letters were read regarding the coming annual agricultural fair, and J. Wall, secretary of the fair committee, reported progress. The question of the members doing work on the society's new hall was taken up, but it was decided that nothing could be done until the completion of having. Refreshments were served during intermission by Mrs. J. Walls.

Creemore, Ont., July 28.—With her head battered in, Mrs. Edward Dunsenath was found lying in her vegetable garden near here last evening by her father-in-law. Almost at the moment she was discovered the barn on the farm blazed up, evidently set on fire by her murderer. Near Mrs. Dunsenath was discovered a bloody hoe handle that evidently had been used as the weapon.

The woman was breathing when found, but died in a few minutes without regaining consciousness. The murdered woman was discovered by her aged father-in-law, who had been left at home with the children while she was out picking berries. The garden where the assault took place is 300 yards from the house, and no cries were heard.

Frank Dunsenath, unmarried and brother-in-law of the dead woman, is missing and is being sought by the police. It is thought he may have perished in the burned barn. He is said to have been on unfriendly terms with his sister-in-law.

LABOR MEN DEBATE EMPIRE RELATIONS

Position of Dominions in Case Britain Fights Discussed in London

London, July 28.—A conference of representatives of the labor parties of Great Britain and the various Dominions is in progress here this week. At the opening session yesterday Ramsey MacDonald, former Premier of Great Britain, presided.

There was a debate of "Inter-Commonwealth Relations." Tom Johnson of Ireland, said the time had come when the constituent countries of the Empire should consider exactly what should be their position in the event of Britain becoming involved in another war. The Irish view, Mr. Johnson said, was that they should not be committed to entering the war against their will.

J. SIMPSON SPOKE
James Simpson, Toronto, who with John MacDonald, Toronto, is representing the Canadian Labor Party at the conference, said Canadians also were greatly concerned with regard to what their position would be in event of war. They were very eager to have their position clarified and their responsibilities plainly understood, Mr. Simpson said.

He added there was a growing demand on the part of the peoples of the Dominions for more autonomy in all directions and wider say in affairs affecting the well-being of their citizens.

For the further consideration of the question raised by Mr. Johnson as to the position of the Dominions in the event of Britain becoming involved in war, the matter was remitted to a committee for a report thereon. John MacDonald, Toronto, was named a member of the committee.

NOT WORLD POLICEMAN
Ramsey MacDonald said the idea of Great Britain should be the policeman of the world was a profound mistake. The sooner Great Britain returned to limited responsibility and trusted to the self-government of other peoples the better it would be for them all.

As to the present conference of Labor leaders, Mr. MacDonald said there would be periodical gatherings of this kind similar to the Imperial Conference.

London Writers Say Bryan Was Not a Great Man

London, July 28.—Aside from his eloquence, the London editorial writers do not attribute any degree of greatness to William Jennings Bryan, in whom they see emotionalism as the outstanding characteristic, but admit his sincerity and personal magnetism.

The Morning Post says his life story illustrates at once the power and weakness of mere eloquence. "Bryan's silver speech," it adds, "could not match the golden silence of such a man as Coolidge. It is characteristic of American psychology that sensibility to the charm of Bryan's oratory was combined with criticism and dissatisfaction."

The Westminster Gazette sees in Bryan a rather "incredible figure, but with fine fervor and sincerity that compel respect."

"He must be reckoned among those who taught America to consider her duties in relation to the rest of the world," it says. He was above all a preacher, rather than a practical politician."

HAIG ADDRESSED CLUB IN MONTREAL

Field Marshal Found Widespread Desire in Canada For Veterans' Union

Montreal, July 28.—That the mission which he had set out to accomplish in Canada had been fulfilled, or was in process of fulfillment, was the confident hope of Field Marshal Earl Haig, commander of the British armies in France during the Great War, expressed to the Montreal Canadian Club yesterday. The field marshal outlined the objects of his visit here as follows:

1. To preside at the conference of the British Empire Service League in Ottawa.
2. To help bring unity to the ranks of the ex-service men's organizations in the country.
The one outstanding subject of discussion was that of "migration within the Empire," declared Earl Haig. The conference had attached so much importance to the matter that it had set up a permanent committee which would investigate all

schemes of migration, especially those dealing with ex-service men. It was felt, he said, that the men who gave up all to go to save the Empire were the fittest to fill the vast spaces that were yet unoccupied.

DESIRE FOR UNITY

He had been rejoiced at the spirit and desire for unity which ex-service men of all organizations had shown when approached on that subject, and the field marshal appealed to them earnestly to identify themselves with the league. It would be non-sectarian and non-political and would continue the spirit of good fellowship and sacrifice of service so manifestly displayed in the war.

"Optimism governs Canada," he said, "and in your great Dominion, facing as it does, both the Atlantic and Pacific Oceans, we see the key-stones of that great arch of empire being put into position by the peoples sprung from the nations which by their cordial efforts saved the world for civilization and true democracy."

"To Canadians, I say, not 'good-bye' but 'au revoir,' and if I may quote the words of that great patriot, Lincoln," concluded the field marshal, "Let us do the right as God gives us to see His right; let us finish the work we are in by binding up the nation's wounds, caring for the widows and orphans of those who have fallen, succoring those who have borne the burden of battle and seeking a lasting peace among all men."

Why let this Delicious Jam Flavor Evaporate?

— when CERTO will save it

FRAGRANT odor of fruit being boiled away in jam making! Delicious fruit juices going up in steam—wasted! How unnecessary when you can use Certo!

Certo transforms all the fruit juice—formerly wasted by the old, long-boiling method—into jam and jelly! The Certo one-minute boil gives you 50% more, eliminates all chance of failure and makes far better jams and jellies.

Extra sugar is used simply to make Jam or Jelly with the juice and flavor formerly boiled away. Actually you have the same amount of sugar in each glass whether made by the Certo or old method and at less cost.

The Certo way is economical.

Alice Discovers New Wonderland at Wembley

"I know what we'll do," said Alice, "let's go to Wembley for it." "What do you want to go to Wembley for?" asked the White Rabbit, who was always asking foolish questions.

"I want to see the sailing ships and sailing-wax and cabbages and kings," replied Alice.

"Ha, ha," laughed the White Rabbit, "you won't see any sailing-wax there, it's all at Madame Tussauds and I have my doubts about the cabbages, too."

"Well, I shall see lots of sailing ships and kings," said Alice starting to cry, for she was very fond of cabbages, "and, anyway, if you go to the Exhibition alone you won't be able to get in to Treasure Island as they don't admit adults unless they are escorted by children."

"Oh, all right," said the White Rabbit, who, being 152 years old, no longer regarded himself as a child and had secretly wanted to go to Treasure Island all the time.

So away they went. When they arrived at Treasure Island they found a real train—not a very big one, it is true, but nevertheless, the real train in the world—putting like a grampus, at a little station labelled Banff, as if anxious to get on its way around Wonderland.

"Look," said Alice, "there's Peter Pan."

"That ain't Peter Pan," said the White Rabbit, whose education had been sadly neglected, "that's a Canadian Pacific engine."

"I don't care," answered Alice, starting to cry again, for, like all modern children, she hated to be contradicted by her elders, "it's called Peter Pan because it goes everywhere and never gets old or tiresome."

This silly reference to his age effectively subdued the White Rabbit, who now relapsed into silence, and didn't say another word until they were seated in the little train and slowly pulling out of Banff.

It would take too long to describe all the things they saw or all the wonderful people they met, but they had such an interesting time that Alice soon forgot all about her cabbages and sailing-wax.

There was Long John Silver, with his one eye and wooden leg and piratical disposition; and there were Mother-Goose, Sir Francis Drake, Robinson Crusoe and Man Friday, Humpty Dumpty, Little Bo Peep, Jack and Jill and all the other fairyland people Alice had read about but never met before. And they saw the animals going into the Ark which Noah had provided for them in case a rainy day should come along and wash off all their paint.

Of course, they saw lots of other things, too—the Rocky Mountains, for instance, and the Golden Hind.

"While we're about it," said Alice, when they had seen all there was to see at Treasure Island, "we might as well go in and see the 'Canadian Pacific Pavilion.' Everybody goes there, you know."

So in they went, and saw all the good things to eat and wear and work with that they have in Canada. They were shown around the building by a big man in blue who had "C.P.R." on his epaulettes, and explained to them that the initials meant Canadian Pacific Railway, and that they had put up this building and made Treasure Island in order to let the boys and girls in England know what a fine country Canada is. But it presently began to get dark and Alice had to take the White Rabbit home and give him a bath before he went to bed.

"Well, that's that," remarked the White Rabbit, when they got outside.

"Of course, it is," replied Alice, "what else would it be?" "I mean it's all over now," grumbled the White Rabbit who had been annoyed because Alice had refused to allow him to go into the Ark with the other animals, "and you didn't see any sailing-wax or cabbages, and not many kings either."

"That's quite true," replied Alice patiently, "but I've found out a lot about Canada and I've had a jolly good time, so you may grouse as much as you like—I'm quite satisfied."

And so they went home, and the funny part of it is, Alice did not wake up—for she had not been dreaming at all.

While 2LO in London was broadcasting a programme someone in the studio dropped a penny. A Scotsman in Aberdeen picked it up on the Radio.

Placer Gold Strike Made in Alaska

Anchorage, Alaska, July 28.—Returning stampede from a recent placer gold strike in the Valdez Creek district, sixty-five miles over a trail east from Cantwell, on the Alaska Railroad, 200 miles north of here, all said yesterday the discovery was genuine and all brought back samples of coarse gold. Some of the nuggets averaged from fifty cents to \$1.50 in value. Most of the gold was panned from virgin ground.

The discovery was made in rim rock on the forks of the Valdez and Timberline Creeks by "Laughing" Ole. It is reported the strike was proving better than at first reported; with plenty of open ground and a good showing on all benches.

STATEMENT MADE BY AMERY ON NEW RUBBER SITUATION

London, July 28 (Canadian Press Cable).—Colonial Secretary L. S. Amery declared to the House of Commons he did not believe the Stevenson restriction scheme, curtailing the production of crude rubber in the Malay Archipelago and in Ceylon, was responsible for the sharp rise in the price of the product.

The Minister said, however, that if on investigation it was found a grave situation threatened as a result in the price, "we shall have to consider very carefully whether any change might have to be made in the rates of release under the scheme."

"Our one concern in the matter is the maintenance not of a rate of undue profit, but the successful continuation of a great industry in which millions of British capital are invested and at the same time to supply to Great Britain and to the world raw materials at a reasonable price," said Mr. Amery.

BEDTIME STORY

Uncle Wiggily and the Wild Flower

Copyright, 1925, by McClure Newspaper Syndicate.
(By Howard R. Garis)

"There, I think everything is ready for the company when they come," said Nurse Jane Longears. "The rabbit lady one day. 'Except that we have no flowers for the table.'"

"I'll ask Uncle Wiggily to bring some," said Nurse Jane Longears. "He is about to hop to the woods to look for an adventure, and he will not love to hop back with some company flowers."

And when she asked the rabbit gentleman with his pink, twinkling nose, the bunny made a low and polite bow with his tall silk hat and said:

"I'll bring you back such a beautiful bunch of flowers that it will make the table look like a garden. 'Thank you,' spoke his rabbit lady wife."

Then Uncle Wiggily hopped over his fields and through the woods to the rabbit lady one day. "At the same time, find some flowers to take."

"Thank you," spoke his rabbit lady wife. "You were kind to tell me where I can find some tame blossoms that will let me pick them for company."

"Oh, if it's for company you may pick up," cried the red flowers. "We will no longer act wild toward you. We love company!" Then the blossoms grew quiet and Uncle Wiggily picked a fine bouquet for the table.

"So this teaches us that sometimes it is wise to take a taxi cab when the sun shines. And if the sponge cake doesn't dribble water on the umbrella, and make its ribs all wet, I'll tell you next about Uncle Wiggily's ant bridge."

The blossoms seemed to jump away from his paws. "The blossoms seemed to jump away from his paws."

make the hollow stump bungalow look pretty and artistic when the company should come. For Nurse Jane and Mrs. Longears had invited Aunt Lettie the goat, Mrs. Twixy, all the lady pigs, and Mrs. Bow Wow, the dog, to come and have tea."

Well, after a while, Uncle Wiggily saw something moving in the deep grass at one side of the wood and path.

"Ah, perhaps that is an adventure," he said. But it was only a little worm lady crawling along on her way to market to buy a feather duster. "Better luck next time!" cried Uncle Wiggily cheerfully as he hopped past the angle worm lady, wishing her good day.

Then he saw something fluttering from behind a big rock. "Perhaps that is an adventure," thought the bunny.

But when he got there, he didn't exactly find the cupboard bare, as his Mother Hubbard, but instead an adventure behind the rock. Uncle Wiggily saw a hopped lady jumping up and down with a bottle of milk tied on her back.

"What in the world are you hopping that way for, with a bottle of milk tied to your back?" asked the bunny gentleman.

"I am jumping up and down to jiggle the milk and churn it into butter," answered the hopped lady. "Better luck next time!" laughed Uncle Wiggily as he hopped on.

IN WOMAN'S LUNATIC

Sisters of St. Ann Observe Seventy-fifth Anniversary

Founding of Order Commemorated at Reunion of Old Pupils and Special Programme Yesterday

Old Pupils' Day at St. Ann's Academy was observed yesterday afternoon and evening with all the gracious hospitality for which the Sisters of St. Ann were so justly famed. During the hours of the reception, hundreds of former pupils and friends of the Sisters passed through the beautiful old gardens and congregated in little groups in the parlors and hallways.

Exclamations of surprise and delight were heard upon all sides as the girls of other days found a warm welcome from their old teachers or discovered in the person of some mature woman a sister of the past.

A programme of rare historical interest was presented, a merry companion of their school days. Afternoon tea was served in the gymnasium at little tables decorated with white and gold, and the girls of other days found a warm welcome from their old teachers or discovered in the person of some mature woman a sister of the past.

Evening Programme

At 8 o'clock the auditorium of the academy was filled to capacity when a programme of rare historical interest was presented, a merry companion of their school days. Afternoon tea was served in the gymnasium at little tables decorated with white and gold, and the girls of other days found a warm welcome from their old teachers or discovered in the person of some mature woman a sister of the past.

What might ordinarily have been an illustrated lecture on the founding of the Order of St. Ann with particular reference to the development of the work of the Sisters in British Columbia was divided into seven parts and dealt with by seven former pupils in the following artistic manner: "The Event We Celebrate," by Miss Flora Hamilton Burns, was a cleverly conceived sketch of conditions in Eastern Canada seventy-five years ago when people had come to the young nation after years of struggle and warfare, and the need for education and the care of the sick were taxing the resources of the Government. In each of the cities of Quebec and Montreal there were only two teaching orders, and one nursing order, and no others had been founded in 145 years. To the courageous souls who saw the need and consecrated themselves to work for home and religion the Dominion owes the convents, sisters' hospitals and other institutions. Community singing of "O Canada" followed this address.

SAYS TRAVELING FOR TEACHERS IS FINEST TEXTBOOK

Dean Laird of Montreal Heads Party Reaching City Tomorrow

Headed by Dean Laird of Macdonald College, Montreal, the second party of 140 Canadian teachers will reach the city tomorrow morning. The party is seeing Canada on a twenty-one-day trip of 6,000 miles, and prominent members include C. M. McKergow of McGill University; Prof. Howard Brunt, head of the English department of Macdonald College; Prof. Thomas Dick, Principal of the Montreal High School; Dr. C. Russell of Toronto University; Mr. H. Rokeby of Cambridge University.

On their arrival here the visitors will be greeted with a floral welcome in the shape of bouquets placed in their rooms by the Victoria Teachers' Association. Their itinerary to-morrow includes a sight-seeing tour of the city and neighborhood, and in the evening they will attend the weekly dance at the High School, arranged in connection with the Summer School social activities.

Dean Laird, professor of education at McGill University and Dean of the school for teachers at Macdonald College, Montreal, is in charge of the party, and on reaching Vancouver last evening expressed himself as more convinced than ever that traveling for teachers is "the finest textbook in the world."

Dean Laird expressed the hope that Western teachers would be given the opportunity to see Eastern Canada in the same educational way in which eastern educationalists are "doing" the western provinces.

Returning to the Mainland on Thursday evening they will leave over the Kettle Valley for Banff, traveling via the Kootenay Lakes and the Banff-Windermere highway.

Under the auspices of the Sooke Women's Institute an ice cream social and dance was held at Sooke on Thursday evening. The Hoot Owl Orchestra, conducted by Mr. O. Fowler, supplied the music.

The guessing game kindly donated by Mrs. J. Williams, was won by Mrs. J. R. Hiberson. Mrs. Thornton, accompanied by Miss Lawson, favored the audience with a singing.

The ice cream special sold by Mrs. Strong and Mrs. Cairns, netted a good profit. Wm. Shields, guest of the evening, won the bean-guessing contest, winning a box of chocolates and home-made candy. The profits of the dance will be over \$14, and with the fund already on hand will be forwarded to Dr. Waco for the new solarium at Mill Bay. There will be no August meeting of the Sooke W.I., but there will be a social evening at the home of the secretary on Tuesday, August 7, to which all members are invited.

Lake Hill W.I. Picnic.—A most enjoyable picnic was held on Friday afternoon last at McMorran's tea rooms and beach, Cordova Bay, by the Lake Hill Women's Institute. Phyllis Moore; 3. Lorna Turpel. Senior girls: 1. Muriel Simpson; 2. Zeta Service. Boys' race: 1. Billy Sturup; 2. Raymond Porter; 3. John Currie. Lunch and tea were served in the tea room overlooking the strait and Gulf Islands. Mrs. Walter Peddie, assisted by members of the institute, were in charge of the afternoon's outing. Mrs. Walter Peddie and Mr. Miles kindly conveyed the picnic party to the beach.

TO ADD ROOM TO SCHOOL AT SOOKE

Is Decision Reached at Adjourned Meeting

Special to The Times
Sooke, July 25.—The adjourned school meeting was held on Saturday, July 25, at the Sooke Hall. Mr. Campbell, being elected chairman, called the meeting to order.

The secretary of trustees, Dr. Calvert, read the minutes of the last meeting and stated that the motion before the adjourned meeting was that a one-roomed school be built at Sasseness.

Mr. Helgesen, in moving an amendment that a room be added to the present school to accommodate the superior school, stressed the value to rural education of graded schools and gave it as his opinion that the district as a whole would develop faster if all would work to that end.

An amendment to the amendment moved by Mr. Carmichael and seconded by Mr. Clemens that the recommendation of the board of trustees be adopted, viz., to retain the three teachers at Sooke as at present, housing Division I (superior school) and Division II in one room partitioned off and to build a one-roomed school in Sasseness.

On halloing the amendment to the amendment was lost by seventeen votes. The motion to retain the three teachers and the amendment on a show of hands carried.

The meeting then proceeded to the discussion of financial estimates, all of which were passed.

Miss Mollie Richardson met with an unfortunate accident whilst visiting friends in Victoria, falling off a veranda and breaking her leg. She is progressing favorably and it is hoped will be able to return home shortly.

Dr. and Mrs. Felton and their son Alma left on Monday for O'Brien Bay, where Dr. Felton is taking up an appointment under the Columbia Coast Mission of the Anglican Church.

"THE UNHOLY THREE"
IS GREAT FILM
OF UNDERWORLD

There is no lack of thrills and entertainment in Tod Browning's crook drama, "The Unholy Three," a Metro-Goldwyn-Mayer production, now showing at the Dominion Theatre.

Indeed, it may be said that Browning has made more than a good underworld picture. He has made a melodrama that will go over anywhere with a bang because it contains real heart interest, plenty of comedy and a lot of drama.

The story is a most unusual one and deals with a trio of crooks—a giant, a midget and a ventriloquist—who forsake their life in a dime museum to pursue a career of robbery and murder.

The trio cover up their misdeeds by running a bird and animal store, and succeed in escaping detection after each crime until two of them murder a wealthy club man while looting his home.

After shifting the blame on another, they flee to the mountains. Fearful of the strength and cunning of his confederates, the ventriloquist brings a powerful gorilla with him for protection. How the gorilla fulfills his mission, how the innocent culprit is defended by the agency of an unknown voice at the trial, how the mystery is cleared up brings the picture to a thrilling, satisfying end.

The cast contains such celebrities as Lon Chaney, Mae Busch, Matt

Miss Busch and Lon Chaney have the outstanding roles but the others take every advantage to give a very fine performance in what may be rightly called the best crook film of the year.

"THE SEA LION"
IS CHARACTER PLAY
AT THE PLAYHOUSE

You can taste the salt of the water, smell the brine of the sea and feel the frigidty of icebergs in "The Sea Lion," the character play Hobart Bosworth has brought to the screen and which is showing at the Playhouse Theatre. If you want real action and unusual settings, here is your picture. It deals with whale hunting, mutinous crews and a tender dual love story, involving a father and daughter and the latter's suitor.

Hobart Bosworth appears as Nels Nelson, the captain of "The Lark," who rules his crew with the same domination with which he nurses a desire for vengeance over the wife he believed faithful to him years before. When he discovers the daughter who, in his eyes is proof of his wife's infidelity, his unpaternal vengeance spurs its venom upon her. Hobart Bosworth plays a masterful role in a manner that dominates every scene in which he appears. He is literally, as his past pictures have proven, the bad-good man of the seas and "The Sea Lion," which is distributed by Associated First National Pictures, Inc., bids fair to increase his popularity. Bessie Love makes her debut as a leading lady. She is petite, pretty and quite capable of handling the role assigned her. The remainder of the competent cast includes Emory Johnson, Carol Holloway, Florence Carpenter, Charles Clary, Jack Curtis, Richard Morris and J. Gordon Russell.

DICK TURPIN'S RIDE
TO YORK SENSATION
AT COLUMBIA SHOW

There are fewer things that a motion picture audience likes to see than a thrilling race, especially when Tom Mix is one of the riders. A large audience at the Columbia Theatre had an opportunity to witness this master horseman in the greatest race of his career last night when the William Fox screen version of "Dick Turpin" opened.

Clad in frills and velvet of the romantic eighteenth century, Mix, saying the role of the colorful young English bandit, enacted the famous ride to York on Black Bess—an event that has been chronicled in history and written about by poets. All the splendor, chivalry and romance of the old world are embodied in this picture and added to this are all the elements of a Mix picture—thrills, hair breadth escapes and suspense. It is Tom Mix in another setting, more beautiful and more romantic. One of the highlights of "Dick Turpin" is a typical prize fight of the London Prize Ring days. Director J. G. Blystone has done himself credit in these scenes. In the cast with Mix are Alan Hale, Philo McCullough, Kathleen Myers, Lucille Hutten and Bull Montana.

PHYLLIS HAVER IS
AMONG CELEBRITIES
OF LLOYD'S PICTURES

Phyllis Haver is among the celebrities in Frank Lloyd's latest First National picture, "Her Husband's Secret," adapted from May Edington's Saturday Evening Post story, "Judgment."

In "Her Husband's Secret" Miss Haver plays the part of Pansy LaRue, a typical "flapper" of the vintage of 1920, and in the most "chic" garments of McKinley's time. The picture is now showing at the Coliseum.

Miss Haver was most recently seen in "Single Wives" and "The Perfect Flapper," the latter featuring Colleen Moore.

RICARDO CORTEZ
IS FEATURED IN
"THE SPANIARD"

The Raoul Walsh-Paramount production, "The Spaniard," adapted from Juanita Savage's novel of that name and featuring Ricardo Cortez, Jetta Goudal and Noah Beery, is the feature all this week at the Capitol Theatre.

"The Spaniard," written for the screen by J. T. O'Donohue, is sort of combination of "Blood and Sand" and "The Sheik." As Don Pedro De Barrogo, Cortez, while visiting in London, falls in love with pretty Dolores (Jetta Goudal), a notorious heart-breaker. Now the Spaniard has feminine London society practically at his feet, and it is Dolores who is a little to be toyed with by this youngster. He determines to tame her.

As the picture progresses, Dolores learns that her latest conquest is nothing but a common bull-fighter, while the Spaniard, as part of his plan to bring her to her senses, has her carried a captive to his castle in the mountains. She attempts to escape and Don Pedro orders her to her room where a scene, of which you have yet to see the equal, takes place. The Spaniard cove the girl into submission with a wicked looking whip and then, repenting for his harshness, consents to take Dolores riding. The girl takes advantage of this opportunity to escape. But it is a case of stepping from the frying pan into the fire, for she falls into

"TEN COMMANDMENTS"
COMING TO DOMINION
AT POPULAR PRICES

Some books are read, and then thrown away. Some pictures are seen, and then forgotten. The life of an ordinary movie-theatre society drama or comedy, is about two years. Classics of literature like "Hamlet" and Emerson's "Essay on Compensation," live throughout generations and are read again and again. "The Ten Commandments" has a theme so elaborately produced that it is one of the small group of films which will never die. As a fine book can be read over and over again, so a picture like this can be looked at more than once without losing its flavor. Cecil B. DeMille's masterpiece will be shown at the Dominion Theatre, beginning Monday, for a run of six days, at a popular scale of prices.

KNOW HIM?—Do you know him? He's the funniest man in the world. If you ever went to a circus, you certainly have seen him. Now guess—do you know him? To the other side of the page and maybe you can then tell his name.

SURE, I DO.—Well, here he is just as everybody has seen him—Marceline, the clown, funny makeup and all. While practically everyone has seen him in his makeup, few have viewed him in his everyday clothes. Now, did you guess his name?

Theatres Honor
Bryan's Memory

New York, July 28.—Out of respect for the memory of William Jennings Bryan, New York theatres have decided to delete scenes satirizing his part in the recent Scopes trial. A scene in "The Garrick Gaiety" portraying Mr. Bryan as the prosecutor in a "Monkey Trial" was dropped last night.

Lines from the Grand Street Folies referring to the Commoner were deleted and other comedies in Manhattan theatres which have been satirizing Mr. Bryan by word, suggestion or tableau have had all such parts stricken out.

Nelson Man Made
Long Motor Trip

Nelson, July 28.—From Putnam, Connecticut, to Nelson, B.C., 2,335 miles in 12½ days by six-wheel motor car was the record announced last night by A. G. Gellinas, Nelson business man, on his arrival with his family from a two-month motor tour. They left the Connecticut town July 15. The last four days, particularly in the Dakotas and Idaho, were tiresome, owing to the rough roads in those states.

SOCIAL AND PERSONAL

Miss Una Fletcher of Duncan is visiting in the city and is the guest of Miss Irene Gilchrist, 1349 Woodlands Road.

Yesterday afternoon at 4 o'clock at St. Saviour's Church, the Rev. F. L. Stephenson united in marriage Kathleen Dorothy Ewart, only daughter of Mrs. Musgrave of North Vancouver, and Charles Alfred Lewis, of Moose Jaw, Mr. Langlois gave the bride in marriage. Her wedding dress was of pale blue satin made on simple lines. The Swiss net veil was held in place with a coronet of pearls and silver leaves. The bride bouquet was a shower of roses and sweet peas. Mrs. Dickenson, as matron of honor, wore a smart beaver and wore shot silk and white picture hat and carried pale pink roses and sweet peas. Little Miss Blanche, Eva Nichols of Port Alberni, made a winsome flower girl in a frock of blue silk and carried a basket of roses and sweet peas. Master Frederick Dickenson was train bearer and wore a gold colored suit. Mr. Dickenson supported the groom. Following the service a reception was held at the home of Mr. and Mrs. Dickenson, 585 Old Esquimalt Road. After a honeymoon Mr. and Mrs. Lewis will reside in the city for a time.

A quiet wedding took place at the residence of Rev. J. R. Craig, Vancouver, on Thursday evening last, when Miss Annie Keast, eldest daughter of Mr. and Mrs. I. Keast, Twenty-sixth Avenue East, became the bride of Mr. Harry Sackrider son of Mr. and Mrs. H. O. Sackrider of Victoria. The bride, wearing an imported French gown of beige georgette, heavily beaded in Oriental shades, with hat in suite and white fox fur, and carrying a bouquet of ophelia roses, was attended by Miss L. Pengelly, attired in a gown of pale blue georgette with panther bordered in ostrich tips and hat of same shade trimmed with French flowers. Her bouquet was of pale pink sweet peas. The groom was supported by Mr. Smith. After the ceremony the bride and groom returned to the home of the bride, where a dainty supper was served. Mr. and Mrs. Sackrider will make their future home in Seattle.

KIWANIS FAVOR WADING POOL BUT WILL SELECT SITE

Executive Supported in the Negotiations; Singapore History Outlined

The Kiwanis Club to-day supported construction of a wading pool for children in one of the city parks, after President Dr. Howard Miller had outlined negotiations with the City Council parks committee. The standing vote became unanimous when Dr. Miller reiterated assurances that no location would be accepted by the club executive prior to submission to the members for approval.

 Miss Anita Holt entertained the club with brilliantly rendered violin numbers, Miss Ada Wise also entertaining the members with soprano solos.

SINGAPORE SITUATION

Lord W. Bolton, principal of University School, outlined the Singapore situation, dealing with the early history of British penetration, and the work of Governor-General Warren Hastings in 1785 in securing Penang for Britain, despite the overwhelming strength of Holland in those Eastern waters.

Interesting historical sketches were given of men who were important factors in the early British efforts to obtain a footing. Sir Stamford Raffles and his seizure of Java at the behest of Lord Minto, was recalled as the immediate forerunners of the occupation of Singapore, as a strategic key to the seaways to China, at that time a pirate stronghold, belonging to the Sultan of Johore.

This Sultan died and his two sons promptly struggled for the succession. Raffles took up the cause of the loser, getting Singapore in return and stirring up tremendous troubles, being censured by Parliament. Despite instructions to evacuate, Raffles held on to the island, dying in England a broken hearted man, whose burial at Hendon was long unknown, while the shipping at the stronghold he gave the Empire has grown to uncountable thousands of vessels.

A splendid statue of Sir Stamford Raffles to-day looks over Singapore Straits, while the Dutch in Java maintain with care a marble tomb housing the remains of Lady Raffles.

The value of Singapore as a naval base was described as ideal development for fleet use being possible at low cost. Much work has been done already, and a giant graving dock is possible at little more cost and labor than that involved in diverting a stream.

WORLD TEACHERS HONOR LOCAL MAN; H. CHARLESWORTH

Edinburgh, Scotland, July 28.—Augustus O. Thomas, state superintendent of public schools in Maine, yesterday was re-elected president of the World Federation of Education Association. Harry Charlesworth of Victoria, B.C., was elected president for America. E. J. Sainsbury, vice-president for Europe, and P. W. Kuo, president of Southeastern University of Nanking, China, vice-president for Asia. The federation closed its biennial conference yesterday. The session adjourned without definitely determining the meeting place for the next conference. Toronto and Honolulu have submitted formal invitations.

Impugned his sincerity in pressing for legislation designed to abolish liquor exporters. Mr. Manson has consistently maintained that he has no power to stop the exporters without the passage of legislation recently rejected by the House of Commons. He has been so advised by legal experts of his department. In Mr. Manson's absence other members of the Cabinet have declined to comment on the Victoria Senators' speeches. Rumors of Mr. Manson's resignation have been met only with laughter by his colleagues.

DAI THOMAS IN COMMISSION SUIT

Former Victoria Rugby Player Figures in Second Suit

Vancouver, July 28.—Upon the application of counsel for Alberni Pacific Lumber Company, Ltd., Mr. Justice Murphy to-day ordered the examination for discovery of Dai Thomas as an officer of Alberni Pacific Lumber Company, which has issued a writ against the other company to recover \$275,000 commission. The plaintiff, a partnership with offices in Vancouver, alleged that in February or March, 1924, it was employed by defendant, Alberni Pacific Lumber Company, Ltd., to sell the latter's British Columbia property, including a sawmill at Port Alberni, timber, logging equipment and logging railway. In finding a purchaser a commission of ten per cent. would be paid by defendant, it is contended.

The Alberni Pacific Lumber Company (1925) Ltd., was the purchaser found by plaintiff, it is pleaded, and it purchased the properties for \$2,750,000.

Ten per cent. of this is \$275,000, which plaintiff claims for commission.

BRITISH AID FOR SETTLEMENT PLANS

Vancouver, July 28.—Any workable scheme of immigration to colonize with people from the British Isles that may be proposed by any of the Dominions will be supported by the British Government to the extent of half of the expense, Lord Bessborough announced in his address at a joint luncheon of the Vancouver Canadian Club and Women's Canadian Club. "While there is no power to speak for the government, I have some authority to say to you there is no considered scheme for settlement which may be agreed to which the government will not contribute at least half the money which may be required. The British Government will, as the saying is, go fifty-fifty with you. The government has spent but a small part of whatever has been set aside for colonization purposes," said Lord Bessborough.

This statement, which was considered the most important in the studied address of Lord Bessborough, was greeted with loud applause.

Complimenting the Canadian Clubs, he said they were a factor in forming public opinion not only of Canada but of the Empire.

Egg Grading Regulations Discussed

Vancouver, July 28.—Closer co-operation between the retailer and wholesaler and manufacturer in order to reduce the cost to the producer was urged by J. A. Hanfield, president of the Retail Merchants Association of Canada at the opening session this morning of the Dominion convention.

"There was never a time when it was so necessary for the manufacturer and distributor to pool their efforts in order to reduce the cost to the consumer, and yet retain a reasonable remuneration for their services," said Mr. Hanfield in the course of his address.

The president stated that it was and should be the object of the members of the association to attract patronage and service their competition by the sheer superiority of service rendered, and he urged all to work for this goal so that the organization might become the finest service organization of its kind in the Dominion.

New York, July 28.—Jack Quinn, veteran of many diamonds has demonstrated once again that which must be served sometimes in baseball. He pitched the speeding Athletics yesterday to a 2-1 victory over the team which spurned him only a few weeks ago, the Boston Red Sox.

Other teams in the American League passed the day in preparation for the West invasion which will last for two weeks and a half.

Pittsburg gained another notch in the National League with a two-run rally in the tenth inning setting back the Boston Braves 6-5.

The Giants had a day of idleness and the victory gave the Pirates a lead of one and a half games.

Cincinnati had a double-conquest over the Cardinals through the pitching of Rube Benton and Jackie May, 4-2 and 3-0. May had won only one game in six for the season when he pitched this shutout.

Snappy St. Paul Ball Team Plays Here Next Monday

Nine Will be Opposed by C.P.R., Local Champions

One of the snappiest amateur ball teams that has ever performed in Victoria will be seen in action next Monday when the Northern Pacific Railway Club of St. Paul, Minn., plays in an exhibition game with the C.P.R. local champions.

It has been the custom of this railway team to make a tour through the West each year, visiting towns in North Dakota and Montana. For the past three years their trips have been over the same route, but this year they decided to come through to the coast.

The team is composed entirely of employees of the Northern Pacific Railway and was organized in 1924. Since that time they have kept their team practically intact and now have a well-balanced nine.

REAL CHAMPIONSHIP CLUB

They have been playing in the Saturday division of the St. Paul Amateur Baseball Association, since their organization, with the exception of last season, when they forfeited their chance of winning another championship in taking their trip West. They have won the championship of their division each year and also the city championship in 1920 and 1922.

Last season in their tour they played sixteen games in seventeen days. Of this number they won twelve and lost three. They visited Bismarck, Dickinson in North Dakota and Bozeman, Harlowton, Topton, Billings, Glendive and Helena in Montana.

This year they will play several games on the Coast including Victoria, Vancouver, Everett, Aberdeen and Tacoma.

The members of the team are as follows: S. A. Bertelsen, A. Steppick, G. Gardell, Wally Tergerson, Carl Drost, C. Weinke, L. Seiler, J. Bauman, F. Jackson, C. Stemig, C. Gibbons, B. Dwyer and O. Nicholas.

P.N.W. TENNIS

Tacoma, July 28.—The thirty-fifth annual Pacific Northwest tennis championships opened here yesterday with all the major favorites coming through successfully in the opening round.

Howard Langlie, Seattle, defeated E. F. Delbert, Honolulu, 6-0, 6-3.
Grant Lakur, Seattle, defeated W. H. C. Griffith, Tacoma, 6-0, 6-2.
W. S. Taylor, Seattle, defeated Morrison Johnson, Tacoma, 6-2, 6-4.
Stanley Almquist, San Francisco, won from Stephen Penrose, Walla Walla, 6-3, 6-1.

Wallace Scott, Tacoma; Angus Clait, Victoria; Herbert Suhr, San Francisco, and Dick Burr, Seattle, won their opening round matches by default.

Remember the A.O.U.W. excursion to Seattle, August 4.

Dempsey Returns To Training Pale But Eager to Work

Champion Works For Hour Before Celebrities, Excluding Jack Kearns

Los Angeles, July 27.—A pale but hearty Jack Dempsey resumed gymnasium training here yesterday in preparation for his forthcoming return to the prize fight ring.

The heavyweight champion worked for about an hour, spending a few minutes with the pulleys, another with the punching bag, another with the big sandbag, and still another in the ring, where he knocked out one man, sparred with another and wrestled with a third.

All this occupied only thirty minutes, so there was another thirty minutes of camera workout in which Dempsey, posing against a background of sporting celebrities, was subjected to a grueling bombardment of flashlights and clicking shutters.

The celebrities assembled to witness the champion's workout included Jack Curley, one of the promoters of the Willard-Johnson fight; Tom Jones, former manager of Jess Willard; Lou Daro, said to be the only wrestling promoter with a dress suit; Joe Stecher, the wrestling champion, and others who have watched Dempsey's climb to world boxing supremacy.

There was one conspicuous vacancy in this applauding group, however, Jack Kearns was not anywhere to be seen.

DULUTH BEATS WINNIPEG

Duluth, July 28.—The Duluth Boat Club won back from the Winnipeg Rowing Club the Lipton aggregate trophy of the Northwestern Rowing Association here Saturday when Duluth senior and junior eights finished first and second in the final races. Winnipeg failed to place by inches. St. Paul taking third.

The point score:

Duluth 150, Winnipeg 109.5, St. Paul 21.5, Kenora 20, Fort William 14, Port Arthur 2.

Next year's regatta will be held at Kenora.

Col. N. Schnar of Kenora was elected president.

Barnes and Macfarlane Will Play for World's Golf Title

New York, July 28.—Willie Macfarlane and Jim Barnes, respectively American and British open champions, have agreed to play a series of matches for the "world title," starting immediately after the western open championship in Youngstown, Ohio, August 18 to 20.

Although definite plans have not been made, it is probable that the first contest, of thirty-six holes, will be staged in Philadelphia and the second in Washington. If a third is necessary New York may be decided upon.

Following the championship play, Barnes and Macfarlane plan to tour the country together, meeting all comers.

Sensational Soccer Game Ends In A Tie

Nanaimo and Ulster United Must Play Third Game to Decide Ownership of Connaught Cup; Miners Secured Early Lead on Stobbart's Goal, But Determined Tactics of Easterners Even Score Near Close; Nanaimo Crippled

Winnipeg, July 28.—Toronto Ulsters and Nanaimo in the second game for the Connaught Cup last night fought one of the most sensational battles ever seen on a local football field. The score was one all and the final game will be played here Wednesday evening.

Nanaimo, with a one-goal lead obtained when Stobbart scored in the first two minutes of play, fought against furious attacks to maintain that lead. They continued their bitter struggle until two minutes from the end when Bobby Lavery equalized amid tremendous enthusiasm.

Local fans can not remember when a team has fought so desperately as did Ulster to draw level to an opponent or when a team has defended so stubbornly as did Nanaimo to hold an advantage gained. Ulster played football from the first foot of the whistle and kept it up furiously for the entire ninety minutes. They penned in the Westerners for two thirds of the game, but it was only in the dying moments that they were able to pull it out of the fire.

The first goal was a splendid piece of work by Stobbart and Wilson. The former, with his head to the ball and Smith brought off a marvelous save. Wilson, however, promptly returned to Stobbart, who shot the ball into the far corner of the net.

FOUGHT FURIOUSLY

Nanaimo hung on to their lead until near time when Ulster, who had passed up several splendid openings, finished the greatest display ever seen here by equalizing. A combination engineered by the Lavery brothers brought the ball to Bobby who met it with his head to turn it into the net.

The inclusion of Johnson, and Garvin on the right greatly improved the Easterners' forward line which throughout moved like a well-oiled machine.

MINERS DEFENCE GOOD

Honors for Nanaimo go to the defence, McFarlane, turned in a usual game until he was injured and although he continued, he was a "passenger" on the left flank. Harris moved back to centre half position and although the intermediate line lost none of its soundness, the forwards were greatly disorganized. Enough credit can not be given to Routledge, Dickinson and Edmunds for their work.

Both eleven received an ovation when they trotted out to the field. Ulster won the toss and took advantage of a strong cross wind from the northwest. Ulster kicked fast in the first minute, when Moir shot fast. Dickinson kicked clear twice in succession.

Stobbart opened the scoring for Nanaimo after two minutes of play when he banged a cross from Wilson into the corner. Smith had saved at full length from Harris.

The confidence that comes with a goal was in evidence in the following play, but Wilson passed up a good chance of cutting the deficit in half by a foul just outside of penalty. Lavery took the kick, but his shot passed down. An exciting moment around the Nanaimo goal, but strong defensive tactics kept them from scoring. The Lavery brothers did not tackle the Nanaimo defence and the latter got lots of clear kicking.

Johnson headed into the Nanaimo goal from Moir's free cross, but Rutledge saved with the tips of his fingers. Ulster was pressing hard and the pace was hot. A terrific bombardment set up by the Ulsterites threatened the Nanaimo goal, but Dickinson and Edmunds proved a stumbling block.

ULSTER FORCES PLAY

Midfield exchanges were the order. Grant worked his way through, but Rutledge cleared. A brilliant move, but Moir's shot was tied down in a beauty. The ball hit the cross bar and went over. It was a close call. R. Lavery shot. In forty minutes Ulster had the better of the play, but lacked finish. The Ulster halves were checking hard.

Pictorial Golf Instruction

By H. B. Martin
The Proper Golf Swing

Every golf swing should have a double circle composed of two centres. The first hub is the left shoulder. Only a semi-circle is described in this part of the swing. When the clubhead gets near the ball—about a foot or so away—the wrists take command and the follow-through is completed with the left hand or wrist as the hub.

This is the secret of putting the punch in the shot. The wrists, of course, are not the hub for longer than two feet, that is as far as remaining in the same spot, as the wrists move with the club coming up to its natural position at the finish. The swing is no longer controlled by the left shoulder after the impact of the ball.

The left hand stopping as it does momentarily forms a hub and remains as nearly stationary as possible during the impact and the follow-through. This is what is known as getting the wrists into the shot.

Another Victory Scored By Champs In Challenge Game

C.P.R. Defeat Travelers 8-5; Sons Play Sample Men on Wednesday

Another victory was added to the credit of the C.P.R. at the Royal Athletic Park last night when they defeated the Commercial Travelers in a challenge game by the score of 8-5. A good crowd watched the old rivals battle.

Roy Copas, who pitched for the railroaders, got off to a bad start in the first inning, but settled down in the second and kept the opposing batters in check.

The veteran Frank Moore took on the mound duties for the Travelers, and he surprised a great many with his pitching ability. He had plenty of speed and good control, but the support given him by his teammates was not of the best.

The Travelers opened up the scoring in the first inning, when they landed on Copas for two hits, and then, coupled with an error, allowed four runs to cross the plate.

The railroaders scored their first run in the second inning on a walk, a sacrifice and a single.

Another run was added to the Travelers' total in the fifth and this ended their scoring for the rest of the game.

CHAMPIONS TAKE LEAD

In the fifth frame the C.P.R. advanced into the lead when they scored four runs on a couple of safe singles and two errors by the Travelers' infield.

The C.P.R. added another run in the sixth, while in the seventh frame they again scored. The game was called at the end of the eighth on account of darkness.

On Wednesday night the Sons of Canada and Travelers will meet in the game to decide the holder of second place in the amateur league standing. At present the teams are tied.

SIKI FLEES FROM HOSPITAL CLAD IN ONLY HIS PYJAMAS

New York, July 28.—Clad only in pyjamas, Battling Siki, former light-heavyweight champion, fled yesterday from his hospital bed to pay the longest odds of the day, the former \$18.25 and Quash \$16.25 straight. In the opening race, Dennis H. won in a canter, six lengths in front of Regal Lodge.

The conqueror of Georges Carpentier had been taken to the hospital unconscious after a beating of blood. To-night he scoffed at the need of a hospital rest, although his wife had backed up the arguments in favor of it by refusing to take his clothes to him.

"There wasn't anything the matter with me, and I don't see why I should stay there. One of three white men knife me and took \$150. That little cut wasn't anything and I certainly am not going to stay in bed for a scratch like that," he said.

Lloyd Turner Hockey Leader In Calgary This Year

Has Been Installed as Supreme Boss; Richardson and Johnston Withdraw

Eddie Oatman Will Return as Playing Manager; Satisfactory Conditions

Calgary, July 28.—Calgary will not lose Lloyd Turner as hockey boss after all. He has purchased the franchise of the Tigers in the Western Canada league, and although he will go to the States at the end of August to fulfill his obligations there for the coming Winter season, he will have control of the Tigers. He is leaving shortly for the coast to complete some business arrangements and will then go on to the States. The completion of the deal was announced on Saturday morning.

The report of Turner's decision to remain in Calgary will be welcomed by the sporting fraternity. He had decided to leave here entirely, but having been offered a franchise in the Western Canada league, he changed his mind. The management of the Tigers for the coming season will be in suitable hands, and the club will be intact, according to Mr. Turner. Eddie Oatman will return.

NEED A HOLIDAY

For the past two years Fred Johnston, president of the Calgary exhibition and stamper, and E. L. Richardson, general manager, have been desirous of being relieved of their duties in connection with the Calgary Hockey Club, which they have assumed for four years in an honorary capacity. A year ago an endeavor was made to interest a number of hockey enthusiasts in taking over the club, but without success, and they agreed to again assume the responsibility of managing the team along with Lloyd Turner.

The growth of the Calgary exhibition and stamper is such that the management has again asked to be released of the hockey club duties. Of duties as president of the W.C.H.L., which were accepted before the Calgary exhibition took over the club, were made more difficult on that account. It was felt that the necessary attention to hockey affairs.

President Johnston wishes to take a holiday during the Winter months after four years' services as president of the hockey club, which will make it impossible for him to give the necessary attention to hockey affairs.

150 Young Golfers Seek Junior Title

Chicago, July 28.—Nearly 150 young golfers under twenty years of age started today in the Western junior golf championship. The lowest thirty-two scores will qualify for year competition in the championship flight.

Among the stars are Emerson Carey of Hutchinson, Kas., runner-up in the event two years ago, and Donald Carrick of Toronto, Canadian champion. Elbridge Robinson of Chicago, winner of the 1924 event, was barred from defending his title because he has become twenty years old.

Keefe Carter of Oklahoma City, who recently won the Western amateur title, although just turned nineteen years of age, has decided not to enter the junior championship, as he is going to tour the Pacific northwest and Canada with Jim Barnes British open champion and other stars.

TORONTO VICTIM OF THUGS IS DYING

A. E. Dunk Was Robbed and Thrown Over Bank of Niagara River

Had Returned to Ontario After Drinking Bout on U.S. Side

Niagara Falls, Ont., July 28.—Albert E. Dunk, thirty-five, a Toronto man, was found yesterday afternoon with his back broken. He was still alive and was taken to a hospital, where he "told of having been robbed by two men and then thrown over the steep bank of the Niagara River. He told the police he had dragged himself half a mile from the place where he had fallen on the side of the embankment to the spot where some Toronto tourists picked him up yesterday afternoon. He had lost the use of his legs and had to pull himself along with his hands.

It was indicated at the hospital his recovery was impossible.

Mr. Dunk told the police that following a drinking party in a dive on the United States side, he returned late at night in a taxi with another man picked up by the driver. On the lonely road of the Niagara Glen the car was stopped and all got out. The two men knocked him down, robbed him of \$40 and his watch and then swung him over the cliff.

Dunk landed half way down the steep incline, catching in the crotch of a tree. There he lay all night until the morning, when he became thirsty. He found he could use only his fingers. He dragged himself to where water was trickling and scooped a hole in the ground so he could get some. There he lay for one whole day.

FEAR IS CAUSE OF EUROPE'S BIG ARMIES

Gen. Maurice Addresses International Institute of Politics in Williamstown, Mass.

Williamstown, Mass., July 28.—Fear is the predominant cause of the great armies of Europe, General Sir Frederick Maurice of London told the Institute of Politics here today. France is fearful of the Germany of tomorrow, and the nations created by the peace treaties are maintaining excessive armies, largely due to their suspicion of Russia.

The problems which the British Commonwealth faces were broached at yesterday's general conference, which was open to every member of the International Institute, and was conducted by Lionel Curtis of London.

Archibald C. Coolidge, professor of history in Harvard University, addressing the conference, said: "The British find it harder to treat subject peoples on a basis of equality than the other peoples of Europe. Their task is part is to co-ordinate territories and zones of many different kinds which have been brought under their dominion by conquest."

"The United States, and perhaps Russia, are the only nations which do not have reason to fear or be jealous of the British Empire."

EMPIRE IS PROTECTOR

Mr. Curtis then asked Dr. William Rappard of Geneva, a member of the permanent mandates commission of the League of Nations, to comment on the matter.

"The small nations of Europe certainly do regard the large ones with a feeling of menace, even amounting in some cases to terror," he said, "but they do not fear the British Empire, which appears to them a protection against aggression by other large nations nearer at hand, and is preserving the balance of power in Europe."

Mr. Curtis outlined the growth of the British Commonwealth. He said it had survived by avoiding the errors of the Greek and Roman Empires and other dynasties of the East.

PRESTON IS WITNESS AT SHIPPING INQUIRY

London, July 28.—W. T. R. Preston, author of the report to the Canadian Government on the North Atlantic shipping combine, appeared at a private session of the Imperial Shipping Committee here yesterday. Mr. Preston was the only witness at the session, the shipping companies not being represented.

Mr. Preston reaffirmed the correctness of the allegations contained in his report to the Government in Ottawa.

Sir Halford Mackinder, chairman of the committee, reminded the members of the Imperial Shipping Committee had approached the inquiry entirely with open minds, and were anxious to obtain the fullest possible information with regard to the North Atlantic shipping situation.

TO REDUCE TAXES

Melbourne, July 28.—The Government of Australia intends to reduce taxation by at least £1,000,000, according to the Melbourne Herald. Dr. Earle Hagg, federal treasurer, hopes to present the year's budget a week after Parliament reassembles on August 12, along with a new tariff schedule which he has drawn up.

SUBJECTION OF WEEDS

In a statement on "Effective Methods of Controlling Weeds," Mr. E. S. Hopkins, Dominion Field Husbandman, brings out the most important points. The first is that the most effective method of controlling weeds is thorough and frequent cultivation of the land. The second is that the basic principle in killing weeds which have underground rootstalks is to prevent their sending up a top or above-ground growth, and the third, the longer the delay in eradicating the weeds the greater the amount of work that will eventually be necessitated. One other point made by Mr. Hopkins in giving definite advice as to the subjection of couch grass, mustard and other weeds that cannot be too much emphasized is that it is important to use at all times clean seed grain, clover and grass seed.

1087 THE PHARMACY

FATHER AND MOTHER ARRESTED—Max Manig, five, sat all night in his father's car on a San Francisco street, holding his sister Sophie, fifteen months old, in his arms and trying to muster up courage enough for both of them. The father and mother were arrested for shoplifting and didn't tell the police where the youngsters were, it is charged, because some of their loot was in the auto.

EMIL EICHORN DIED IN BERLIN

Berlin, July 28.—Emil Eichorn, a communist member of the Reichstag, died yesterday.

Eichorn, a leader among the Left groups and Radicals, was chief of police of Berlin in January 1919, and in that capacity assisted the unsuccessful revolution of Radicals who attempted to capture the Berlin and central governments. The revolution's failure forced his retirement as Berlin's police head, but he was elected to the Reichstag shortly afterward.

Several indictments charging treason against him were returned, but he was never prosecuted because of parliamentary immunity.

Whenever he made a speech in the Reichstag all the members save those of the Communist Party deserted the chamber.

GOVERNORSHIPS UNDER DISCUSSION

Appointment of Australians as Governors of States of Commonwealth Suggested

Special to The Times
Sydney, Australia, July 28.—Australia, like the United States, has her Mr. Dooley. He occupies the Speaker's chair in the new Legislature of New South Wales, now ruled by Labor. In his wardrobe is a full-bottomed wig which fourteen years ago cost \$110. It is a beautiful wig, but Mr. Dooley, who three years back was Premier of this state, declines to put it on. His reason? "I don't think," he says, "it's a question of comfort. I merely consider that to wear horsehair on the top of the head is to resort to an artificial kind of dignity. Dignity should be natural, and such an accessory as a horsehair wig seems unnecessary in this modern age."

This is typical of the outlook of the men who, since the recent general election, rule five of the six Australian states. One of the first moves of Labor in office has been to agitate for the appointment of local men as state governors, leaving at all events for the present, the Governor-General to represent the link with Britain. The proposal has naturally roused fierce opposition.

Sir Gerald Strickland, who has served as Governor of three of the Australian states, joins in the controversy and declares that a local governor could never be impartial. He argues, too, that it is the Labor Ministers themselves who benefit most by the present system, since the imported Knight and his Lady can be so useful and helpful to the hollier-maker become Premier, whereas the latter would probably have a bad time at the hands of his big-wig fellow citizen puffed up with new importance.

NEW OFFICE

"Some of those who claim to speak for Labor," says a conservative leader writer, "are evidently aiming at the creation of a new office, with all the pomp and pay attaching to an Agent-Generalship, and without the obligation of going to London to enjoy the prize. Such a billet would be priceless for party purposes. The undesired leader and the dangerous opponent would find it more tempting than any allurements which arguments are now in a position to offer."

Will Dyson, the Australian caricaturist, hits the problem off neatly in a cartoon in which the dragon of Social Bolshevism, quails miserably before a furious society hostess who has just carried off an elegant imported governor.

TRADE DECREASES

"Meanwhile we are confronted with a dwindling trade," lamenting in the official figures of the decline in emigration demands earnest attention and statesmanship."

U.S. FLEET OFFICERS MELBOURNE GUESTS

350 Visitors Attended Banquet Tendered by Government of Australia

25,000 Sailors Will Return to U.S. Boosting For Australia, Said Coontz

Melbourne, July 28.—Officers of the visiting United States fleet were entertained last night at a formal banquet given in the Federal Parliament House by the Commonwealth Government. The 350 guests present included members of the Federal and Victoria Ministries and other leaders in Australian life.

Toasts to both the King and the President were warmly honored. Premier Bruce made the leading address of welcome.

"I cannot express how greatly we appreciate the compliment, or how unitedly we welcome your President's action in sending the fleet to Australia," said the Premier. "We are confident great good will result from the visit and that our friendly relations will be even more firmly cemented."

Admiral Robert E. Coontz, responding, agreed the visit was purely one of friendship.

"Our 25,000 young sailors will return home as boosters for Australia," he commented, "and the friendships made at this time will be lasting."

LAVISH DECORATIONS

Another function which attracted more than passing attention in the whirl of public and private entertainments for the visiting officers and men was a ball given by the English-speaking Union. Only 150 officers were invited. Reports said \$4,000 was spent for decorations alone.

ATTACKED BY RADICALS

Sydney, N.S.W., July 28.—The visit of the United States fleet has been the subject of attack by the Labor and Radical newspapers. The official organ of the Australian Communist Party has an article under the heading: "The fleet is the workers' enemy, but the sailors are fellow-workers."

MESSAGES EXCHANGED

Washington, July 28.—President Coolidge, in greetings sent to Australia on the occasion of the visit of the United States fleet, expressed confidence the people of Australia would join those of the United States in the purpose to maintain the peace of the world.

"This, I believe," he said, "can best be secured through a full and sympathetic understanding between the

nations, through faith in their honorable intentions, through their common determination to eliminate causes of possible dispute and the integral fulfillment of international obligations.

"In questions touching the great region of the Pacific I am sure our aims will always be similar, and that with the assistance of the other nations which look out on the Pacific peace will be so clearly the established order that it will become a beneficent tradition. It is by earnest hope that this visit of the fleet will draw more closely the bonds of

friendship between our two countries, that through the understanding developed it will strengthen our common will to peace."

The message, together with one received from Governor-General Forster of Australia, which was in much the same vein, was made public at the State Department.

It is not money, nor is it mere intellect, that governs the world; it is moral character. It is intellect associated with moral excellence.
